Driving a Shortcut to Success by Building a Coaching Culture

Discovery Session

Coaching by external or internal coaches, is a well known approach to develop individual managers in an organization. A coaching culture on the other hand, expands the scope of coaching to impacting the whole organization. Companies that are intentional about integrating coaching as a comprehensive and organization wide approach, move their workforce towards higher performance. You could as well.

Speakers

Twitch Montrivade
Internal Coach Developer
ENPEO Consulting

For more than 33 years experience in IT business, he specialized in employee transformation, new subsidiary set up, coaching and mentoring, and strategy and policy roll-out.

Dr. Gerrit Pelzer

KEY OBJECTIVES

In this 3 hour event we will explore the why, what and how of establishing a coaching culture. We will also introduce a roadmap as well as ideas of impactful coaching skills programs for managers to help them apply and making coaching happen on the job.

As special guest speaker, Dr Gerrit Pelzer from Vivo Coaching, will share his experience as senior manager and certified executive coach, on the key success factors of helping managers become better coaches.

About ENPEO Consulting
